

UPDATE ON 4-H

By Michele Sawyer, Reporter
The Zion Chapel 6th grade girls have started out by electing officers. They are: Ashley Nelson, president; Beth Levent, vice president; Shasta Simmons, secretary; Michele Sawyer, reporter; Amanda Ellis, devotion leader; and Amy Eddins and LaShanda Ploumoy, song leaders. All 4-Hers picked a subject for their year and received their record books. It looks as if the 6th grade girls are off to a great start.

Fourth Annual Coffee County Registered All Breeds Sale To Be Held

Each year quality purebred cattle producers from around the Wiregrass area consign bulls to the Coffee County All Breeds Cattle Sale. This year the sale will be held on Saturday, November 16, at 11:00 a.m. at the Farm Center in New Brockton. The top bull sale in the Wiregrass area. Usually, we sell around 60 to 70 lots with 75 percent of these being registered bulls. This year we have a few more than 75 percent being registered bulls. The remaining lots will be open calves, bred heifers, open heifers, all purebred. I have looked at almost all of these cattle, and they are heavily muscled and structurally sound and performance data is available on most of these cattle.

The breeds represented will be Angus, Brangus, Charolais, Limousin, Polled Hereford, Simmental, and Beef Master.

If you are in the bull market or looking for a good registered female, there is no question in my mind that you can find what you are looking for here. These are range ready, powerful bulls ready to go to work for you on your farm. One of the best parts is the prices at this sale have always been very reasonable. They don't give them away, but you certainly can't pay an out-of-sight price for a good quality bull.

If you want more information or a catalog, give me a call at 894-5596 or long distance 1-800-422-0180.

Kindergarten Children Attend Farm-City School Exhibit

Dan J. Presley, County Agent Coordinator

FARM CITY ACTIVITIES

Some 750 kindergarten children attended the Farm-City school exhibit. This is an educational activity that is provided by the Farm City Committee each year to help teach the young people the source of food and fiber.

They were able to hold a baby chick, to see a cow milked, and hear a sheep bleat. They were able to shuck and shell an ear of corn and to see a cotton plant.

Members of the Coffee County Farmers Federation Women's Committee served cold drinks to the group. Several local farmers, including Carl Sanders, Bob Helms, Lee Boyd, and Art Estrada, served as guides for small groups of children.

The Coffee County Farmers Federation provided "Know Your Farm" coloring books which went along with the exhibits.

COMMUNICATION AGE

Getting educational information to families has been Extension's mission for more than 75 years. In the early days, county agents went from one end of the county to the other, carrying information from house to house by horse and buggy.

Throughout the years as the communication technology has become more advanced, Extension has changed by adopting new communication delivery methods.

To stay abreast and on the cutting edge of new technology, Extension is now using satellite teleconferencing, along with other media channels (radio, newspapers, magazines) to get the latest information out to the people.

According to reports, Alabamians

have more than 40,000 satellite dishes. As I travel throughout the county I see lots of them. The Extension office here in Coffee County would like to know who you are. In fact, we would like to send you a list of the teleconferences being broadcast each month. Will you send your name, address and telephone number to the Extension office? Our address is 45 County Complex, New Brockton, Alabama, 36351. When the teleconference is being aired, we will let you know all information that is needed to receive the teleconference.

4-H Woodworking Workshop Planned For November 18th

Richard Petcher
Associate County Agent

A 4-H Woodworking Workshop

will be held November 18, 6:30 - 8:30 p.m., at the Farm Center in New Brockton. The cost is \$5.00.

This workshop will be an excellent opportunity to learn good woodworking skills or improve the skills you already have. We will make a wall plaque. The plaque makes an excellent gift or is very nice to hang on your wall at home.

Come join the fun. Please register by November 15 so we will know how many to plan for.

Allow Plenty Of Time To Complete Holiday Projects

Angela G. Hughes, County Agent

PREPARING HOLIDAY GIFTS

It is never too early to begin making holiday gifts. By making gifts in advance, you are saving money, and secondly, you are giving a personalized gift of sentimental value.

Many simple crafts can be given as gifts when making one for yourself. Friends and family who compliment your work may love the gift of free sewing.

Remember, as the holidays approach, allow yourself PLENTY of time to complete the projects, and take advantage of the season by enjoying your family.

STORING PECANS

Pecans, like most nuts, are rich in fat. Pecans contain over 70 percent fat. They are a good source of calcium, phosphorus, iron and vitamin A and B. Pecans also contain a small amount of carbohydrates. One cup of pecans contains about 740 calories.

Pecans can be stored for year round use. They will be good raw or toasted in desserts, salads, candies, and baked goods. To keep them at their best, protect pecans from air,

moisture and high temperatures.

Pecans can be stored unshelled in a cool place for about six months; shelled in the refrigerator for about 9 months. Store pecans in the freezer at 0 degrees Fahrenheit for up to two years.

It's important to remember to store pecans before they become rancid. Pecans become rancid after several months of storage unless they are properly frozen. Nuts in the shell keep their high quality longer than shelled nuts. Whole nuts become rancid less quickly than nuts in pieces and unroasted nuts keep better than roasted ones. Store unshelled pecans in a cool place (32 degrees to 38 degrees Fahrenheit). They will keep fresh for about six months.

Containers that can be used to store pecan nutmeat are plastic carriers, reusable tin cans, glass freezer jars and odorless, grease-proof, moisture vapor resistant plastic bags.

For freezer storage, package the nuts in suitable containers, remove all air possible and close tightly. Label each package with the date and add whether they are unbroken halves or broken pieces. Store in the freezer at 0 degrees Fahrenheit. Use within 18 to 24 months. Allow nuts to thaw before use.

For refrigerator storage, place in shelled pecans in suitable containers and store in the refrigerator not longer than nine months.

WE DO NOT NEED NOR DO WE WANT OUTSIDE GARBAGE

BRAINSTORMS

With Ferrin Cox

Elba football fans who are disappointed in the local high school record of 5-5 should look at the record of the five teams which defeated Elba. None of us enjoy losing at anything but all five who defeated Elba this year went to the state playoffs and have survived the first round! Look at them yourself - Brundidge, Daleville, Luverne, Opp and Slocomb, each moved on up the second round of the playoffs.

Ain't it great, we live in a country where we are free to fuss about anything our brain wants to complain about. A local school teacher was complaining Monday afternoon of President Bush worrying too much about Russia and not enough about things in America. We laughed and accused her of beginning to believe the political clamor of the national Democrats. We continued by reminding her she hasn't missed a single monthly paycheck, etc. We had a few more friendly words but closed the discussion by agreeing all of us have a lot for which to be thankful if we will just stop and think about it.

A Russell County jury has said Senator Danny Corbett ain't guilty of ethics violations for converting tax money to his personal use. The story, as presented by Montgomery District Attorney Charlie Graddick, was that some of the pork barrel money the legislators has been shoveling into a special fund at a North Alabama institution was being sent back to pet projects of various lawmakers, including in this case ultimately to Corbett. We don't think it should be legal to do what they say he did, but apparently the jury looked at Graddick and chose what they felt was the lesser of two evils. Almost the same thing happened in Montgomery County when Graddick charged two men with overpricing property they sold to Alabama State University.

We are glad David Duke didn't win the governorship of Louisiana last week. He has however served a purpose. Politicians from Washington down to the branch level need to understand American voters are tired of the shuffling they continue to get from their government, or more particularly from those elected to serve in their government. We don't think the people who support Duke want his brand of KKK or Nazi sympathizer talk. Even if someone was seriously thinking of helping get him elected to something, they would have to have prayer meeting with the thought he has reportedly written some books, under assumed names, that... well you wouldn't bring one home to mamma (or let her know you read it).

Magie Johnson, the professional basketball player, has stepped forward and acknowledged he is infected with the AIDS virus. Some national AIDS activists seemed almost thrilled at the news. While they should be grateful for his promise to work to educate people of the danger, etc, it seems some of them went a bit overboard. We have said this several times, but AIDS ain't transmitted through the air, etc, therefore we can prevent it. The best way for married folks like this writer to stay AIDS free is to go home to our wife when the day's work is done. That is awful simple, but it will work. Anyone who doesn't know all the true facts about AIDS should make it a point to learn and then follow the advice of the experts. Safe, safe, safe.

Then there is the ex-basketball player (Wilt Chamberlain) who has written a book about himself. He documents (brags) of knowing (in the biblical sense) over 20,000 women. Some reporter with a calculator figured that is slightly over 1.2 women a day since he reached puberty. We don't doubt his efforts to prove his masculinity, but would have thought he was mature enough not to even use that kind of numbers in the locker room "with the boys."

It sounds good for us consumers when we hear that the U.S. Postal Service will not increase first class stamps to 30¢ this year. However the bad news is that the service is already talking about increases of as much as 5¢ by 1994. A 1¢ increase translates \$800 annually, which means 5¢ should bring in 4 billion... even if nothing but first class is increased. We are amazed that the cost of operating anything could increase at such a fast rate. We also wonder where, and if, it will ever stop.

DON'T FORGET

ROUND & ABOUT WITH ERIA - 897-2006

This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, Without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good, Traitors, heady, highminded, lovers of pleasure more than lovers of God; Having a form of godliness, but denying the power thereof: from such turn away.

Social Happenings

Brown-Sims Wedding Held Saturday, August 24th

Susan Sims and Scott Brown were joined in holy matrimony Saturday, August 24, 1991 at 7 p.m. in a glow of candlelight in the sanctuary of Woodland Grove Baptist Church. The ceremony was performed by Reverend Seaborn Wooten.

The couple's parents are Mr. and Mrs. Lester Sims of Brantley and Mr. and Mrs. Richard Brown of Elba.

A program of musical music was provided by Doug Wambles, pianist; Mark Mosley, guitarist; Rob Hudson and Rhonda Hughes, vocalists; selections included "Sweet, Sweet Spirit," "More Than Words," "Looking Through The Eyes Of Love," and "The Lord's Prayer."

The bride, given in marriage by her family and escorted by her brother, wore a gown of white satin overlaid with re-embroidered anemone lace. The long sleeves extended into deep points and were edged by a single row of seed pearls. The mermaid tail was enhanced by beaded appliques of pearls that extended into an open back draped with free-flowing strings of pearls in the center to a solitary pearl medallion. The chapel length tulle was attached by a row of iridescent fans to form a bustle centered by a satin bow featuring vertical fans with three strands of drop pearls.

For the headpiece, the bride chose a V-shaped rhinestone and pearl band featuring a side-spray of silk carnations, pearlized leaves and free standing strings of pearls. A finger-tip veil of silk illusion completed the headpiece.

The bride's bouquet was a cascade design of irises, white carnations, white roses, stephanotis and English ivy. The bouquet was accented with seed pearls and white lace that flowed from the cascade.

Matron of honor was Mrs. John Hudson of Troy. Bridesmaids were Marena Trotter, Mobile and Mrs. Ricky Sims, Brantley.

The attendants were matching tea-length gowns of anemone satin with scalloped sweetheart necklines. The drop waist gowns gathered to form a bustle in the back accented by a large satin bow.

The attendants carried traditional bouquets with lilies, miniature white roses and stephanotis with fuchsia satin ribbons.

Serving as flower girl was little Miss Kayla Trotter. She carried a white wicker basket adorned with white lace accented with anemone ribbon and a string of pearls entwined around the handle and the edge of the basket and was filled with rose petals. Her dress of fuchsia featured a fitted bodice and ruffles of tulle highlighted with hints of rhinestones.

The groom chose his father to serve him as best man. Groomsman were Richard Brown, Jr., Jacksonville, Fla., and Troy Brown, Athens, Ga., both brothers of the groom. Candle lighters were John Hudson and Boyd English of Troy.

The mother of the bride wore a tea-length two-piece dress featuring a long sleeve brocade bodice with a skirt. The groom's mother chose a tea-length gown of rose brocade tulle overlaid with Wedgewood candlelight lace.

The church doors were decorated with white wicker hearts adorned with anemone and fuchsia satin streamers accented with drapes of seeded pearl strands. Guests were registered at the entrance by Brandy Miller, niece of the bride. The small round register table was draped in white satin with a hand-crocheted overlay. It held a crystal vase of carnations and irises accented with ivy and free-standing pearls sprays along

Mrs. Brown

with the bride's book. The walkway surrounding the church was marked with hurricane lanterns holding burning tapers and satin bows. The double aisles of the church were marked with anemone and fuchsia bows. The family pews held clusters of mums and carnations accented with bows of the bride's colors. The wedding was directed by Mrs. Dale Mosley.

Vows were repeated and rings were exchanged by the bride and groom in a traditional wedding setting. The altar was centered with a massive sunburst arrangement of carnations, mums, and lilies in shades of anemone and fuchsia. The ceremony was set in a background of flickering glow from heart-shaped and spiral candelabras on either side of the altar and an arch entwined with ivy centered in the choir loft. Drooping emerald ferns of grace, featuring the bride's colors were used to complement the altar area and recessed at floor level.

On Thursday, August 22, Mrs. Kevin Kelley hosted a tupperware shower in honor of Miss Sims. Party food and punch were served.

Following the wedding, a reception was held in the fellowship hall. The bride's table was sheathed in white satin and lace gathered at each corner by anemone ribbon. The guest 23, the groom's parents hosted three-tiered cake surrounded with English ivy was accented with spunradial buffet style barbecue featuring sugar roses and topped with a keep sake porcelain Moments Moments bride and groom, adorned with an arch featuring an anemone bow, white doves and strands of pearls. A three branched silver candelabra enhanced with carnations and ribbons of the wedding colors and the bride's bouquet completed the table decorations. Mrs. Troy Brown and Mrs. Tim Daniels served the cake.

The groom's table was overlaid with white satin and embroidered lace and held a two-tiered chocolate cake. A wooden duck nestled nearby in a bed of English ivy. A brass wooden candelabra with anemone burning tapers enhanced the table. Miss Lori Clark, Miss Anissa Brooks, and Miss Emily Qualls were hostesses at this table.

The food table was centered with a large spray of flowers and overlaid with white satin and lace. It held an assortment of silver serving pieces filled with party foods.

The silver punch bowl was enhanced with ivy and stephanotis. Mrs. Lloyd Daniels and Miss Jill Jinn

The October meeting of the Confederate Chapter of the Daughters of the Confederacy was a history lesson spanning a time frame from right after the Civil War days to the present time.

The place of the meeting was the Elba United Methodist Church.

The narrator of the program was Ms. Nancy Brunson with Jeanette Cowart as co-host. Mrs. Brunson explained that right after the Civil War Elba like most of the South was economically disadvantaged as their was no money with which to provide a memorial statue to those who fought in that tragic war. To show respect, the members of the church obtained beautiful stained glass windows which were dedicated in memory to those who served in the Civil War. It was noted this church structure had survived 2 floods. The congregational pride is self evident when entering this church house as one can't help but see the beauty inside this house of God.

Other Confederate soldier ancestor member's attending were: Ms. Shirley Helms Elberg, Ms. Margaret Walls, Hamilton, Ms. Mary Lawton Jordan Helms, Ms. Patricia D. Howard Ms. Helen Hodge Lewis, Ms. Willette Bundy O'Gwynn and Ms. Cynthia Ann Wehrly.

Mr. and Mrs. Jack Hawkins of New Brockton announce the engagement and forthcoming marriage of their daughter, Misty Dawn Hawkins to Johnny Philip Senn, son of Mr. and Mrs. T. D. Senn of Brantley.

Will You Share Him

My friend I stand in judgement now
And feel that you're to blame somehow
On earth I walked with you day by day
And never did you paint the way
You knew the Lord in truth and glory
But never did you tell the story
My knowledge then was very dim
You could've led me safe to him
And never told me of the second birth
And now I stand this day condemned
Because failed you to mention him
You taught me many things that's true
I called you friend and trusted you.

But I learn now, that it's too late
You could've kept me from this fate
We walked by day and talked by night
And yet you showed me not the light
You let me love and live and die
Yes I called you friend in life
And trusted you through fun and strife
And yet on coming to this dreadful end
I cannot now call you friend.

THE PRESSBOX

By Ricky Mulaz, Sports Editor

The Christmas decorations can't go up fast enough this year to please Melanie, our little thirty-three month old, who has to take the tour of town nightly to see what decorations may have been put up during the day. Last year she enjoyed pulling the balls off the Christmas tree and unwrapping gifts, but this year the city's decorations have already grabbed her attention and I can't wait to see how she reacts to our decorations at home. Looks like this is going to be Melanie's best Christmas yet!

FOOTBALL PLAYOFFS END EARLY FOR LOCAL TEAMS

Brantley and Zion Chapel both made it to the state playoffs, despite losing records, and although they made a quick exit from the post-season party, both teams left their impressions with everyone in attendance at the playoff games.

BRANTLEY got drilled 34-0 by unbeaten Reeltown, but battled the highly-touted Rebels until the final horn and impressed me with their pride and determination. The Bulldogs started eighth and ninth graders in the line against the powerful Reeltown squad, but the Bulldogs youngsters never once backed off and weren't intimidated one bit. Brantley was never able to get anything going in the loss and was really no match for the undefeated Rebels; however, the experience gained will carry over next season and make the Dogs a better team. Don't feel sorry for Brantley, they aren't feeling sorry for themselves!

ZION CHAPEL gave Arton all it wanted for three quarters last week in the 1A playoffs before giving out of gas and taking it on the chin 26-12. The Rebels went into the game battered and beaten after struggling to a 2-7 record and being devastated by injuries, but the Rebels took it to the Purple Cats as long as they could and made it clear that they were indeed a playoff team. If future Zion Chapel teams will look at this year's team and learn nothing but the desire to compete, no matter what the odds, those teams will play hard and carry the banner high!

SURPRISES ARE PLENTY IN PLAYOFF OPENERS

The state high school playoffs began last week and as always there were a number of surprises in all six classes. Here is a quick look back at what happened, the teams that are now watching from the stands and the teams that made some noise.

CLASS 6A - Defending champ Jess Lanier was the biggest loser as the Purple Cats were ousted by Berry 21-19, while Montgomery's Jeff Davis got ripped by Opelika 24-0 and finished with a losing record. Tuscaloosa central made plenty of noise by rolling over Vestavia Hills 68-31 and Montgomery Lee made it known that they were after a state title by ripping Aniston 41-0.

CLASS 5A - Tuscaloosa Hillcrest got shocked in the opening round by Bibb County 20-14 and Wetumpka found the playoffs a little too tough as it lost to lowly Smiths Station 27-7. Etowah won the wildest game in state history by outscoring Oxford 69-63, in six overtimes, while both Opp and Charles Henderson kept their hopes alive.

CLASS 4A - Highly-ranked Alexandria took a quick trip to the exits with a 31-26 loss to Cherokee County, while other favorites had their way with opening round opponents. Some of the more impressive wins came from Daleville (28-0 over Abbeville), T.R. Miller (30-6 over Clarke County) and Deshler (42-12 over Brooks).

CLASS 3A - Unbeaten Chelsea found out the hard way that records don't mean a thing as it lost to LaFayette 6-0 and Red Bay got knocked off 42-28 by Lexington. Defending champ Dallas County clobbered 1-9 Francis Marion 58-0 to grab headlines, while Plainville rolled to 11-0 with a 34-6 romp past Moody.

CLASS 2A - Samson and Straughn were carrying high hopes into the playoffs, but both saw their dreams shattered quickly as Houston County and Cottonwood disposed of the Tiger twins 20-7 and 26-18. Hazlewood had an easy time with Section 48-12 and Goshen struggled before slipping past Beulah 24-7.

CLASS 1A - It wasn't a good night for the Montgomery schools as unbeaten Trinity was stunned by Autaugusville 14-10 and Montgomery Academy got ripped by Billingsley 28-6. McKenzie was impressive as it pounded Long 41-0 and Courtland spanked Gaylesville 46-0.

ELBA BASKETBALLERS SHOULD BE EXCITED

The Elba Tigers may not even come close to equalling the success of last year's team, but I think this year's bunch will be fun to watch and exciting to watch. Coach Danny Foster has the Tigers looking to play full speed on both ends of the court and unless things change quickly, the Tigers will use an aggressive press on defense and look to get the ball down the court on offense. Coach Foster can't put up with mistakes and a lack of effort, which means that plenty of folks will see action in every game and the tempo should never slow down. It sounds exciting, doesn't it?

The 1991-92 Tigers don't have any super stars; however, 6-1 Alex Magwood is a solid all around player that will catch the eyes of true basketball fans. Magwood can handle the ball, jump out of the gym and make the big plays on defense that good players make. He will have to be the leader of this year's squad if a winning season is to come, and he should be just that, being a leader on and off the court.

PLAYOFF PICKINGS PRETTY FOR POLISH PROGNOSTICATOR

Ye Ole Polish Prognosticator was all smiles when he came in the office this week after hitting on 23 of 27 playoff picks, which upped his season totals to 305-69 (82%). The playoffs are usually a predictor's nightmare; however, the local guesser got off to a fast start and sounded confident about the weeks to come. We'll wait and see if his luck holds out....

ENTERPRISE VS. SHAW

The Wildcats were impressive in last week's win over Fairhope, but will have to improve this week if they hope to stay alive with a win over Shaw. It is true that Mobile teams aren't usually that strong and run up good records beating other Mobile teams; however, Shaw may be the exception and may be too strong for the Cats!

SHAW 17 ENTERPRISE 10

OPP VS. CITRONELLE

The Bobcats almost got caught looking ahead last week against Hillcrest, but you can bet the Bobcats will have all thoughts on Citronelle this week when the 11-0 Wildcats come to town. Citronelle has an explosive offense that could cause problems for Opp and something tells me this one will be a shootout!

OPP 30 CITRONELLE 29

LUVERNE VS. DALLAS COUNTY

Some Elba fans have said that if they go to this game they will have to sit in the endzone, because they don't like either team. All feelings aside, this one shapes up as a battle between two very good 3A clubs. After coasting through a 10-0 preseason schedule, the Hornets will be well-rested and ready to tame the Tigers!

Elba Junior Tigers open with big 45-38 win over Luverne

The Elba Junior High Tigers opened their basketball season on a winning note last Thursday night when they defeated Luverne 45-38, in Elba.

The Tigers found themselves in a 12-12 tie after one stanza, but outscored Luverne 24-14 in the middle two quarters to take a commanding 36-26 lead and rolled to the season-opening win.

Cory Howe scored 13 points to lead Elba, while Che Vaughan added 12 and Roscoe Coleman tossed in 10; Robinson led Luverne with 14 points.

E 12 16 8 9 - 45
L 12 10 4 12 - 38

Elba (45): Coleman 10, Tyson 4, Howe 13, Vaughan 12, Kyles 4, Barnes 2.

Luverne (38): Hill 6, Robinson 14, Taylor 8, Mallard 2, Mobley 2, Green 6.

(8th grade)

The Elba 8th graders saw Luverne rally late to pull out a 45-32 win.

The Tigers owned a 19-16 lead at the half, but Luverne slipped ahead 31-30 by the end of the third quarter and then outscored Elba 14-2 in the final stanza to claim the win.

Robinson led Luverne with 15 points to lead Elba, while Knighten scored 18 for Luverne.

Luverne (45): Smith 5, Barber 2, Knighten 18, Guy 15, Brown 4, Jones 1.

Elba (32): Daniels 15, Grantham 2, Rowe 5, Jones 4, Free 2, Chism 4.

Tigers hit the road Friday to battle talented Brantley

The Elba Tigers will be on the road tomorrow night (Friday) when they travel to Brantley to challenge the always dangerous Brantley Bulldogs.

The B game will tipoff at 6:00, to be followed by the varsity clash at 7:15.

"I'm really coming into the season blind as far as our opponents go," stated Elba's Coach Danny Foster, "but I have heard that Brantley always has a very good team and this should be one of their best teams in years. Last season they had a very young team that matured a lot late in the year and played Elba tough late in the season, and those players will be back and this time they have us over there. It will be a tough game and we'll have to play as well as possible to hope to come out with a win."

Our practices lately have been hot and cold," added Foster. "One day we'll look pretty sharp and the next day you'd think we had never even seen a basketball before. We have some players that haven't had to be leaders before and a couple that have never played varsity basketball, and until those players grow up and get confidence and experience we might struggle in certain areas."

Tuesday night we'll be at Enterprise State to play Zion Chapel and the game will begin at 5:30, and precede a junior college game," said Foster. "Zion Chapel has some quality athletes and has a lot of pride in its entire athletic program and I'm sure they'll be looking forward to playing us over at the junior college. We have been able to practice at ESJC a couple of times and the players seem to be comfortable on the bigger floor. We practice better over at Enterprise and I expect us to play well at the college court."

"Early in the year you really don't know what to expect from your team or your opponents," Foster stated, "and we'll just have to be ready to adjust to any situation and play as hard as we can. We may not play like a polished team early in the year and certainly will make some mistakes; however, I expect the effort to be there from the opening tip until the final horn and if nothing else, we'll play hard and aggressive basketball for all four quarters."

Coaches are still needed for the Youth Basketball League, sponsored by the Elba Department of Parks and Recreation.

Registration will end on Nov. 22.

Arton outlasts gallant Rebels 26-12

By Cade Shiver, Sports Editor

If the Arton Purple Cats thought Friday night's 1A playoff matchup with the Zion Chapel Rebels would be a rematch of the Purple Cats' season opening romp they were in for a rude awakening!

The Zion Chapel Rebels saw their dreams of an upset fall one quarter short Friday night in the opening round of the 1A state playoffs as the Arton Purple Cats scored 12 fourth quarter points to defeat the Rebels 26-12, at Arton.

Neither team could mount any offense in the early going as the initial three possessions ended in punts; however, Zion Chapel put the ball in play near midfield to begin their second series and this time made it into the endzone!

Tracey Woods broke loose on a 17-yard scamper on first down to ignite the Rebel offense and then a pass to Eric Cole resulted in a 14-yard gain and a first down at the Arton 32-yardline. Woods got the call again and responded with a 21-yard run to the Arton 11, while three plays later Woods bulled over from two yards out and the Rebels had drawn first blood.

The Rebels' two-point try failed, but with 3:15 left in the first quarter Zion Chapel was ahead 6-0 and evening in attendance knew the Rebels had come to play.

The Rebel defense stopped Arton cold on the ensuing possession and Zion Chapel's offense again began a march toward the endzone, only to be stopped near midfield.

Arton's offense showed signs of life on its next possession and rode the passing arm of Josh Herring to reach paydirt and tie the game at 6-6.

The Rebels drove to a first down at the Arton 20-yardline; however, a fumble on third down was recovered by Arton and the drive ended at the Arton 27.

The Purple Cats were ignited by the turnover and began a drive that would cover 73 yards and put the Cats ahead to stay!

Billy Maniel had a key catch during the drive and got the score on a fourth down loss from a yard out.

The drive was highlighted by the running of Sedric Haynes and the passing of Herring, while it was Haynes who got the touchdown on a 1-yard dive. The two-point try again failed, leaving the score knotted at 12-12 with 6:45 left in the third quarter.

Zion Chapel's offense wasn't impressed with the Purple Cat score and wasted little time in heading back down the field behind the running of Tracey Woods and the passing of Jeremy Law.

The Purple Cats were ignited by the turnover and began a drive that would cover 73 yards and put the Cats ahead to stay!

Billy Maniel had a key catch during the drive and got the score on a fourth down loss from a yard out.

The drive was highlighted by the running of Sedric Haynes and the passing of Herring, while it was Haynes who got the touchdown on a 1-yard dive. The two-point try again failed, leaving the score knotted at 12-12 with 6:45 left in the third quarter.

Zion Chapel's offense wasn't impressed with the Purple Cat score and wasted little time in heading back down the field behind the running of Tracey Woods and the passing of Jeremy Law.

The Rebels drove to a first down at the Arton 20-yardline; however, a fumble on third down was recovered by Arton and the drive ended at the Arton 27.

Elba's Coach Wood disappointed with Tigers' 5-5 record

The Elba Tigers closed out the 1991 season with a 5-5 record on Nov. 8 with a 21-17 loss to Slocomb, while the Tigers did not post a 4-1 start during the final half of the season, Coach Mack Wood stated the Tigers "started off slow and never really got rolling."

"We were down in numbers and experience this season," said Coach Wood, "but I still thought we'd do better than we did. We got off to a bad start against Daleville, but then lost Greg Thigpen and Gary Gilbert in the win over Louisville and that kind of set the tone for the next three losses. By the time we played Slocomb the final game of the season we had lost six starters and it showed. I'm not taking anything away from the team in Area 2 that made it to state, but except for a couple of calls and some key injuries we would have been in position to make it to the playoffs either as the winner or runnerup in the area."

"I'm not taking anything away from Laverne or Slocomb," added Wood, "they both whipped us at home, deserve to be in the playoffs and should win some more games. I just believe that with any luck at all we'd have made the playoffs and would still have a shot at showing people what kind of team we really had."

The state playoffs have been changed a number of times and I know that the system now used is a good one," said Wood, "but seems like something could be done to break up some of the weak areas in the state. I guarantee you that any team in our area, including Louisville and Rehoboth, could whip four or five teams in the 3A playoffs, including one area champion. It's a shame for some teams to make the playoffs and for the state to have weak areas like some that now exist. I don't have an answer, it's just a shame that teams like Francis Marion make the playoffs and better teams sit home."

"I guess the season really got off to a shaky start back in the fall when we dropped off from 40 players to 27 before the season even started," stated Coach Wood, who suffered only his second non-winning season in 15 years at the Elba helm. "You look across the field at Slocomb and they have 15 seniors, 11 juniors and 14 sophomores, while we only dressed out 7 seniors and 7 sophomores. I don't know what the

problem is, but we aren't getting the players up from the junior high team and unless something happens I don't see the numbers going back anytime soon. We've got just as many athletes in school as ever, they simply aren't choosing to be a part of the football program."

"It seems that the overall interest and support in the football program was lacking this season," said Wood. "Friday night Slocomb reminded me of past Elba teams with the excitement among the players and the loud support and cheering in the stands. Maybe it was the result of the team's record, but something was missing from the team from the start and we never found it."

"In spite of the low numbers and inexperience of the players, the folks we had everything we asked and I am proud of them for sticking with us and playing with pride and guts through what was a down year," stated Wood.

The Elba Tigers may have struggled to a 5-5 record during the 1991 football season; however, the official 1991 team statistics were released this week and even though the record was less than impressive, the performances of several players were outstanding.

Following is a recap of the complete team statistics for the 1991 season:

OFFENSE
The Tigers failed to have a 1000 yard runner for the first time in many years, but did have a solid performance from senior tailback Marcus Tyson, who stepped in the starting lineup in game #3 after an injury to Greg Thigpen and rushed for 750 yards.

Tyson had only 1 yard rushing on 5 attempts prior to Thigpen's injury, but after having to step in and carry the load, came through and rushed for 749 yards on 146 tries in the final eight games, an average of over 5 yards per carry.

Tyson also returned one punt for a touchdown and set up four other plays with long kickoffs returns into the opponents end of the field.

Perry Stinson was the team's second leading rusher with 226 yards on 47 carries, and Greg Thigpen gained 213 yards on 44 carries, in only two games, to place third among the Elba running backs.

Other ground gainers for the Tigers included Teddy Burks (33-170), Anthony Brashears (5-28), Brian Reedy (9-20), Kenya Adkins (2-12) and Joel Kirkland (25-113).

Kirkland, a senior, passed for 635 yards and 2 touchdowns for the Tigers during the season on 39 completions in 101 attempts, with 11 interceptions. Keith Graham was the team's 1 passing, while Marcus Tyson was also 0 for 1, with his only try being patted off.

The Elba corps of receivers was picked by junior tight-end Joe Donaldson, who pulled in 10 passes for 167 yards. Sophomore wide-receiver Josh Caldwell caught 9 passes for 166 yards and senior Anthony Brashears pulled in 6 passes for 116 yards. Other receivers included Teddy Burks (3-78), Marcus Tyson (2-37), Perry Stinson (4-32), Aaron Smith (2-24), Greg Thigpen (1-7) and Brian Reedy (1-0).

Marcus Tyson scored 9 touchdowns and one two-point conversion for a total of 56 points to lead the Tigers in scoring, while others scoring during the season included Perry Stinson (30), Greg Thigpen (28), Scotty Dawson (20), Teddy Burks (12), Anthony Brashears (12), Brian Reedy (12), Joe Donaldson (6), Kenya Adkins (6), Bryce Phillips (2) and Josh Caldwell (1).

Joel Kirkland handled the Tigers' punting chores for the third straight year and this season punted a total of 36 times with an average of 38.6 yards per punt.

DEFENSE
The Elba defense was forced to patch a lot of holes in 1991 due to a large senior class in 1990, but patched all the holes well and had another solid defensive unit.

Leading the Tigers on defense was senior linebacker Brian Reedy, who made 96 solo tackles and assisted on 18 others. Reedy changed positions for his senior campaign, but came through and had seven games in which he made over 10 solo stops.

Junior defensive tackle Bryce Phillips followed Reedy in tackles with 64 solo stops and 12 assists, while Teddy Burks had 49 stops and 5 assists.

ed Wood. "It would have been easy to just show up and go through the motions when we were 1-4, but the players showed a lot of pride in their school, their team and themselves and came back in the second half of the year and won four games, including wins over SA Andalusia and 5A Monroe County, both of which had more players and more talent than we did. The players that took to the field Friday night against Slocomb were true Elba Tigers and I am extremely proud of each and every one of them for the pride and dedication they displayed."

When asked about next year's schedule, Coach Wood stated "You get a lot more calls when you're 5-5 than you do when you win the state championship."

"Right now we have games set with Louisville and Laverne, who are both Area opponents, as well as Opp, Andalusia, Slocomb and probably Daleville. That leaves four games to fill, and with only two teams in the Area next year, it looks like we'll have to keep playing folks like us, or take a long trip. We feel like Rehoboth and Charles Henderson are both good possibilities, but we just don't know if we'll have to have a lot of phone calls."

"The problem with our schedule is that the 4A teams in this part of the state won't play us," said Wood. "You've got a lot of teams over in the Wiregrass Conference that can fill their schedule without playing us and that is what they choose to do. Maybe now that everyone has seen that we are humans and don't always win we'll get a couple of calls. It would be good to settle on a schedule as soon as possible, but it will probably be early spring before we get ten games."

In summing up the 1991 season, Coach Wood stated "It hurts the players, fans and coaches not to make the playoffs, but maybe it will make us a little more hungry next year and hopefully show the students at Elba High that we need them all working with us if we're going to have a chance at staying on top."

Other defenders included Tommy Young (45-6), Aaron Smith (40-6), Perry Stinson (33-3), Anthony Brashears (31-1), Julius Peterson (31-4), Hunter Hudson (29-6), Marcus Tyson (27-6), Scotty Dawson (24-6), Kenya Adkins (20-1), Joe Donaldson (10-3), Vince Lee (9-1), Richard Kyles (8-1), Alan Roberson (7-5), Greg Thigpen (6-0), Chris Clark (5-0), Kevin Bryan (5-0), Lance McCollough (1-1) and Cory Howe (1-0) and Chris Kelley (1-0).

Alan Roberson, a junior nose-guard, recovered 3 fumbles to lead the Tiger defense, while others making recoveries included Bryce Phillips and Tommy Young, with 2 each, and Greg Thigpen, Perry Stinson, Hunter Hudson, Teddy Burks and Richard Kyles, all with 1.

Sophomore cornerback Perry Stinson intercepted 6 passes to lead the Tigers, while Anthony Brashears picked off 5 and Teddy Burks got 4. Making 1 interception were Greg Thigpen, Aaron Smith, Scotty Dawson and Chris Kelley.

Junior tackle Bryce Phillips had 6 quarterback sacks to lead the Tiger pass rush, while Scotty Dawson added 4 and both Brian Reedy and Aaron Smith made 3. Tommy Young and Teddy Burks had 2 sacks each and Hunter Hudson and Julius Peterson both made 1.

Registration is underway
The Elba Department of Parks and Recreation is now conducting registration for "Youth Basketball" in the city.

Leagues will be for boys ages 10 and Under and ages 12 and Under, with players aged on September 1, 1991, being the date used to determine the league. The registration fee will be due at the first practice.

For more information, contact the Elba Department of Parks and Recreation at 897-6833 or 897-2333.

Registration forms were passed out at the Elba Elementary School

Playoffs set for second round action
The Alabama High School Athletic Association opened its 1991 State Football Playoffs last week and included among the first round contests was the highest scoring game ever in playoff history.

The scoring contest came in Oxford, where Etowah survived six overtimes to outscore Oxford 65-63. The two teams battled to a 28-28 tie at the end of regulation and then traded touchdowns in each of the first five overtimes, before Etowah scored in the sixth overtime and held on for the win.

4-H Volunteers to be commended

Dan Presley-County Agent Co-ordinator

I would like to commend a group of 4-H volunteer leaders. They made and set up a 4-H exhibit at the Peanut Festival. This exhibit won second place. The volunteers who worked on this exhibit were Phil and Susie Farris, Jan and Wayne Ballard, and Melba Hollinghead.

The Farm-City Committee, led by Kenneth Grantham, is doing a good job in promoting Farm-City Week this year.

FARM-CITY BANQUET

The 1991 Farm-City Banquet is scheduled for Friday, November 22. It promises to be another outstanding Farm-City event. Awards will be presented to outstanding farmers, businessmen and youth.

Dr. Willie Larkin from Auburn will be the keynote speaker. He is very entertaining but he also gets a good point across.

The Farm-City Committee, led by Kenneth Grantham, is doing a good job in promoting Farm-City Week this year.

Street honoring Dr. King delayed

by Fern Cox

Monday evening the Elba City Council postponed any action on naming a street after the late Martin L. King. The decision was made after a number of citizens objected to the proposal presented two weeks ago that 203 Bypass be renamed.

Mayor Fred Moore told the council he had been in contact with state highway officials and the city has no authority to name state highways or any portion of them.

Willie J. Flowers reported he had talked with State Representative Jimmy Holley and the legislature would be going in session in early February, but not before the January 21st birthday of Dr. King. Flowers had originally asked for a decision in time to formally dedicate the road on King's January 21st birthday.

Mrs. Doris Hamm told council members the street had always been known as Bypass Street and she would like for that name to remain.

But Manning said he could understand why people would want to name something after Dr. King, but why not name things after someone in Elba who has done something for the local community.

Douglas Gibbs voiced the opinion that cities shouldn't name a street after any person - to many people down through time have done good things for society.

Flowers pointed out, "This is not a black thing. Martin Luther King did his thing for all people."

Council member Donald Lawford said, "I oppose naming any public facility after any individual. We don't have enough streets to honor everyone who has done something good."

Council member John W. Sharpless said, "I agree with all sides. Jimmy White addressed the council as a member of the Concerned Citizens of Coffee County. He addressed the council concerning the proposed landfill, to be located about six miles north of Elba on Highway 125."

While expressed concern that the dumping of garbage from the proposed nine county area would pollute Whitewater Creek and Pea River, as well as the family water wells.

The council accepted a low bid of \$47,550 from Wiregrass Construction Co. to repair several street damaged during the flood of 1990.

Moore told the council the firm was prepared to start within fifteen days and to complete the project in 30 working days.

Police Chief Freddie Haney reported the police department has responded to 187 complaints during the past two weeks. This included six traffic accidents. During this period the department issued 21 citations, including six for DUI. There were 21 criminal arrests.

The Animal Control Officer impounded 11 dogs during this period.

The proposed regional landfill in Coffee County continues to be a topic of discussion at the commission meetings.

Opponents of regional landfill address commission

In Monday morning's Coffee County Commission meeting, Dean Smith addressed the commission on behalf of the Concerned Citizens of Coffee County. The meeting was held in the Commission's new chambers located in the New Brockton Farm Center complex.

The newly formed group is made up of citizens who are opposed to the construction of a regional landfill in Coffee County.

Smith, a lifetime resident of Coffee County, said, "I represent concerned citizens of Coffee County who are bitterly opposed to the resolution to make the newly proposed Coffee County landfill a regional landfill which would include up to nine additional counties."

"We feel that we have been misled to believe this new proposed site was intended to serve only Coffee County," Smith continued.

"We feel that we have been misled to believe this new proposed site was intended to serve only Coffee County," Smith continued.

Smith expressed his concern that the majority of county citizens are unaware of the commission's actions concerning a proposed regional landfill.

"We ask each of you (commissioners), said Smith, 'Do you honestly want to know what Coffee County citizens have to say about a regional dump in Coffee County or when you requested a waiver of the solid waste moratorium Act number 8924 from the State Board of Health in June of 1990?'"

Smith contends the commission never intended the approximately 10,000 acres purchased on Alabama Highway 125, 8 miles north of Elba, to be a one county landfill.

He also voiced his and the group's opinion that the majority of the county's citizens would not be in favor of a nine county dump being located in Coffee County.

In conclusion, Smith stated that Coffee County has an obligation to handle its own waste and the group is willing to work with the commission in finding a solution, which excludes waste from any other counties, to handling Coffee County's waste.

Smith recognized the need for educating the public on waste management and on the recycling of waste. He also stipulated that a proper means of funding the handling of the waste must be found.

Elba native shot twice with 12 ga. shotgun by Enterprise man

by Marvin McLwain

According to Enterprise Police reports, Billy Ray Farris, age 36, formerly of Elba, was shot twice with a 12 ga. shotgun as he allegedly forced his way into a home in Enterprise.

The incident reportedly occurred Saturday night, November 23 at approximately 10:30 p.m.

Farris was wounded in the abdomen and the left foot from a shotgun blast when he allegedly forced entry into the home of Mrs. Sue Bradd who resides at 301 West College Ave.

Mrs. Bradd told officers she heard noises at the front of her home and opened the door to investigate. Farris reportedly pushed his way
